## DIGITAL CONSCIOUSNESS CONTRACT

Talking to your child about the dangers of digital abuse isn't always easy, but it is important. Now is not the time to be coy, shy, timid, or indirect with your kids. Every time they use digital technology, they open themselves up to the world, and to the benefits and risks that we all inherit once we power up! To help you talk with your child, and to establish fair and informed usage guidelines IROC2 has created the **Digital Consciousness Contract** to assist you with;

- Defining your child's approved digital devices
- Clearly outlining prohibited behaviors
- Setting up scheduled Check-Ups to monitor activity for irresponsibility or abuse
- Clearly communicating the consequences associated with your child's abuse of technology

Once you discuss and come to an agreement for each section below, sign and date this contract, and keep it in a prominent place, like the computer table or on the refrigerator as a constant reminder for everyone.
